

Fellow Republican:

On behalf of the Etowah County Republican Women, we wish to formally acknowledge and document the exceptional role Jesse Battles has played within our organization and our local Republican Party.

Jesse Battles has consistently demonstrated his commitment through his actions and by his words.

Jesse has attended every event hosted by the Etowah County Republican Women and has never hesitated to step in wherever help was needed.

Most notably, following our largest event to date for the Etowah County Republican Party, Jesse was the only candidate who remained after the conclusion of the program to assist with cleanup. He personally helped clear trays, clean the venue, and ensure every detail was handled. This meant staying for hours until the work was complete.

This level of service reflects both his character and his understanding that leadership is demonstrated through humility, responsibility, and dedication. His reputation within our organization speaks for itself.

Jesse Battles has repeatedly proven himself to be a principled, staunch Republican, and his values and conduct align fully with those of our party. This commitment has never wavered and is non-negotiable in the eyes of our members.

In addition, Jesse's wife, Melissa Battles, is an avid supporter of the Republican Party and has attended every monthly meeting of the Etowah County Republican Women. Her consistent presence and engagement further reflect the family's shared commitment to Republican values and to our local party.

Through his actions, Jesse has earned the full and unanimous support of the Etowah County Republican Women. We believe it is important that this support, and his long-standing record of involvement and service, be clearly recognized.

We respectfully urge you to reject any notions or challenges to Jesse's credentials as not being a true Republican. Any allegation pertaining to this is false and should be abolished.

Jesse has always been and will continue to be a lifelong Republican and uphold our values and commitments to our city, state and country.

We ask that you allow the voters in the State Senate District 10 the opportunity to cast their ballot for Jesse Battles.

Respectfully,  
Etowah County Republican Women
